

Good Afternoon,

I am writing to confirm receipt of your £231.90 donation to the Royal Air Force Benevolent Fund on behalf of the 223 Apprentice Entry at RAF Halton. Please extend our most heartfelt gratitude to all those involved in fundraising.

We appreciate your support very much and will ensure, as we do with all our donations, that the money is used wisely and where the need is greatest in addressing the welfare of the RAF Family. Our largest and most current project focuses on building both Childcare Centres and Multi-use Games Areas on stations and we are currently introducing Youth Support Workers to the programme as well. Needless to say your donation will help make a real difference to RAF families across the country.

The money you have donated will also benefit members of the RAF Family such as Ryan Moorhouse who was seriously injured when an Improvised Explosive Device (IED) exploded under his vehicle. Two of his colleagues were killed in the attack including one of his close friends. Suffering from multiple injuries, Ryan found himself in financial difficulties after he was medically discharged. Being married with a young son, Ryan turned to the Fund and we were able to clear the family's debts and assist with the cost of their mortgage, a special bed and a car. Ryan said: "I'll be eternally grateful to the RAFBF. They took away my financial headaches and helped me and my family get back on our feet."

This is just one example of the thousands of RAF Family members the Fund helps every year. This is only made possible by the generosity of our supporters - so thank you once again.

If you require any further information or assistance, please do contact me using the details given below – I would be delighted to hear from you and more than happy to help where possible.

With best wishes,

Emily Long
